Hundreds	Tens	Ones							

There is a special type of noun called a **collective noun** that names a group of people or things.

e.g. a group of butterflies is called a kaleidoscope

How many different collective nouns can you write down and illustrate?

Kyle says he can have 18 different combinations from the menu.

<u>Main</u>	<u>Side</u>
Steak pie	Chips
Fish	Peas
Pizza	Beans
Burger	Salad

Is he correct? Prove it.
